EXAMINER'S AMENDMENT and REASONS FOR ALLOWANCE

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Francis Lammes (Reg. No. 55,353) on 05-23-05.

The application has been amended as follows:

In the claims:

- Cancel claims 4 and 15-22.
- In claim 1, line 5, insert -- determining whether performance of the bus is a function of an external device connected to the adapter; -- following "is desirable;".
- In claim 9, line 9, insert -- a determination is made as to whether the performance of the bus is a function of an external device connected to the input/output adapter; -- following "is processed,".

2. Claims 1-3 and 5-14 are allowed. The following is an examiner's statement of reasons for allowance:

Claims 1 and 9 include the limitation of determining whether performance of the bus is a function of an external device connected to the adapter, which is not shown by the prior art of record, in the combination as disclosed and claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
